BSIT Graduate | Available for Full-Time Employment (2026)

CAREER OBJECTIVE

A Bachelor of Science in Information Technology graduate seeking an entry-level IT position where I can apply my knowledge in web development, database management, and information systems. Through my On-the-Job Training, I gained hands-on experience in spreadsheet automation using App Script, data encoding, data management, and the use of digital tools to support organizational operations. I am eager to apply my technical and analytical skills in a professional work environment, contribute effectively to organizational goals, and continuously expand my expertise in the field of Information Technology.
